

SOLOMON CHUA JIA REN

Applied AI & Data Analytics Student

Queenstown, Singapore • +65 8223 3739 • solomonchuajr@gmail.com • [linkedin.com/in/solomon-chua-jr123aaa3](https://www.linkedin.com/in/solomon-chua-jr123aaa3)

OBJECTIVE

Motivated and reliable student pursuing Applied AI and Data Analytics at Nanyang Polytechnic, seeking to apply foundational AI knowledge and gain real-world experience in a dynamic, collaborative environment. Friendly and team-oriented, with a track record of tackling new challenges with enthusiasm.

WORK EXPERIENCE

AI Intern | *Chinese Development Assistance Council (CDAC)*

Sep 2024 – May 2025

- Developed a Flask-based chatbot integrated with machine learning models, hosted on a local server to support company operations ahead of deployment.
- Processed and analyzed Excel datasets in Python to extract, clean, filter, and organize data for CDAC research on Chinese Singaporeans.
- Assisted with administrative tasks, project management, and community outreach operations supporting day-to-day organizational activities.

Logistics Associate | *Shopee Logistics*

May 2025 – Aug 2025

- Handled pick-and-pack operations and sorting of items across warehouse stages.
- Organized pallets and managed inventory flow to keep fulfilment on schedule.
